

SURGICAL TECHNOLOGIST TRAINING

Midwestern Career College's **Surgical Technologist Training** program provides students with the knowledge and skills needed to obtain entry-level positions as sterile processing technicians and surgical technologists.

Through our program, students will develop the skills necessary to:

- prepare supplies, equipment and instruments
- maintain aseptic conditions
- assist surgeons with surgical procedures

Students will also gain knowledge and proficiency in:

- surgical instrumentation
- sterile draping techniques
- sterilization technologies
- intraoperative patient safety
- surgical site management
- wound retraction and exposure
- temporary and permanent hemostasis
- layered wound closure

Graduates may secure jobs in:

- labor or delivery departments
- inpatient/outpatient surgery centers
- hospital surgery departments
- physicians' offices
- central supply departments.

About Midwestern Career College

Established in 2004, the institution operates in multiple locations across the Chicago-metro region and is accredited by the Council on Occupational Education (COE).

MCC's mission is to transform the institution and strengthen its ability to accomplish the objectives of academic excellence, social responsibility, affordable access and student career development.

KEY DIFFERENTIATORS

- Exclusive focus on health care education with broad alumni network and experienced faculty
- Flexible schedules and frequent program starts
- Extensive network of clinical externship sites at leading Chicago-metro hospitals and clinics
- Significant emphasis on career services and expanding industry network and alliances
- Financial Aid: Federal grants and loans, WIAO, VA, among others

	Start:	January 2017
	Duration:	56 Weeks
	Location:	Chicago (Downtown), Naperville, Blue Island
	Format:	Classroom, Clinical Site

Certifications

Graduates of MCC's Surgical Technologist Training program who complete the externship are eligible to sit for national certification as a:

- **Certified Sterile Processing Tech** through the Certification Board for Sterile Processing and Distribution (CBSPD)
- **Certified Technician in Surgery** through the National Center for Competency Testing (NCCT)

Externship

Students of our program are eligible for a 250-clock-hour externship at one of our affiliated surgery centers.

Clinical externships provide a unique opportunity for a real-life, hands-on patientcare experience. Thanks to MCC's wide network of relationships and partnerships with many premier hospitals, clinics and medical centers, students do not have to find their own externship site. We find it for them!

Career Outlook

Surgical technologists are in high demand and make a great salary. Employment is booming with 15% growth projected over the next decade, according to the U.S. Department of Labor, Bureau of Labor Statistics.

Curriculum

Term I

- SUR111 Sterile Processing
- SUR112 Medical Term., Anatomy & Physiology
- SUR113 Infection Control, OSHA & Safety
- SUR115 Externship

Term II

- SUR121 Surgical Environment I
- SUR122 Perioperative Procedures I
- SUR124 Pharmacology
- SUR125 Externship I
- SUR123 Instrumentation & Sterilization I
- SUR136 Registry I

Term III

- SUR131 Surgical Environment II
- SUR132 Perioperative Procedures II
- SUR133 Instrumentation & Sterilization II
- SUR134 Microbiology
- SUR135 Externship II
- SUR 137 Registry II

Program Length: 56 Weeks

Tuition: \$21,900

The structure of courses may change depending on future program development and scheduling.

Catalog
