For more information about graduation rates, the median debt of students who completed the programs, and other important information, visit our website at www.mccollege.edu/consumer-information. Effective July 2018

CERTIFICATE-LEVEL PROGRAM SURGICAL TECHNOLOGIST TRAINING PROGRAM

What is Surgical Technology? _____

Surgical technologists have a hands-on role, directly assisting surgeons during a procedure. Surgical technologists prepare operating rooms, arrange equipment, and help doctors during surgeries.

SURGICAL TECHNOLOGISTS

- Prepare supplies, equipment and instruments
- Maintain sterile conditions during surgery
- Scrub arms and hands and assist the surgical team to scrub and put on gloves, masks, and surgical clothing
- Provide technical assistance to surgeons, surgical nurses, or anesthesiologists
- Prepare patients for surgery, including positioning patients on the operating table and covering them with sterile surgical drapes to prevent exposure

INDUSTRY CERTIFICATIONS

- **Certified Sterile Processing Technician** through the Certification Board for Sterile Processing and Distribution (CBSPD)
- **Tech in Surgery-Certified (TS-C)** from the National Center of Competency Testing (NCCT) after additional requirements are met.

There is no mandatory requirement that surgical technologists hold a license in the states of Illinois, Wisconsin or Indiana to practice. However, professional certification is generally required to qualify for employment in most clinical settings.

EXTERNSHIP

Students of this program must complete a 250-hour externship at an MCC-affiliated site. Through externship, you can:

- Put into practice what you're taught in the classroom
- Gain real-world patient care experience
- Build your resume to be more competitive
- Become more employable
- Grow your professional network

CAREER OUTLOOK

According to the Bureau of Labor Statistics, 12% job growth is projected from 2016–2026. Learn more at <http://www.bls.gov/ooh/healthcare/surgical-technologists.htm>.
