

Placement Rate Disclosures

The information below describes the placement rate outcomes that Midwestern Career College has reported on February 4, 2021 to fulfill the requirements of the Council on Occupational Education (COE), the college's accrediting agency.

Timeframe, Data Source, and Methodology.

This rate is based on the program completers who completed the program between July 1, 2018 and June 30, 2019 and were employed anytime between July 1, 2018 and February 4, 2021 in a permanent full or part-time position with an employer or employment agency, or self-employed in the field of education or a related field.

The career services department collects employment verification information from the students through a combination of follow up surveys, alumni outreach, one on one career coaching, job search assistance, and externship to job placements. Employment information is also collected through communication with program directors and program faculty, external employer partners and via third-party verification services.

For placement rate calculation methodology go to <https://mccollege.edu/placement-rate-methodology/>

Chicago Campus (Main Campus)
